

CONFIDENTIALITY REQUEST

Dear Concealed Handgun License Applicant,

There is currently a statewide issue regarding the disclosure of the names, addresses and other identifying information of people who have concealed handgun licenses. Essentially, the media and other groups are asking for lists of information about all the people who hold concealed handgun licenses.

The Jackson County Sheriff's Office has refused to disclose that information because we believe many people obtain a concealed hand gun license for personal security and would not want that information made public. We also resist disclosing personal information because of the continuing identity theft risks.

An Oregon court recently decided that there is no evidence that people obtain concealed handgun licenses for security measures and ordered our office to disclose a list of all the concealed handgun license holders in our county. This case is now before the Oregon Court of Appeals.

Please answer the two questions at the bottom of this letter. If you want your name and other information to remain confidential, simply answer YES to both questions, and mail this completed form to:

Jackson County Sheriff's Office
CHL Division
787 W 8th Street
Medford, OR 97501

Thank you for your cooperation.
