<p>Judge of the Court of Appeals Position 7 Vote For One</p> <p><input type="radio"/> Robert Wollheim Incumbent</p> <p><input type="radio"/> Write-in</p>	<p><input type="radio"/> Write-in</p> <p><input type="radio"/> Write-in</p> <p>State Measures</p>	<p>Summary: This measure continues and modernizes the state's authority to use general obligation bonds, the lowest cost method of borrowing, to finance projects for community colleges and public universities. It does not increase the current limit on borrowing. The measure clarifies that community colleges and public universities may purchase existing buildings with the proceeds of general obligation bonds. It also allows the Oregon University System to use nontax revenues to determine whether bonds to be issued under Article XI-F(1) are self-supporting. The measure allows Article XI-F(1) and XI-G bond proceeds to be used for the same parts of a project and to be used for mixed-use projects that benefit higher education. It allows nontax revenues to be used as matching funds for Article XI-G bond proceeds.</p>
<p>Judge of the Circuit Court 1st District, Position 2 Vote For One</p> <p><input type="radio"/> Dan Harris Incumbent</p> <p><input type="radio"/> Write-in</p>	<p>Referred to the People by the Legislative Assembly</p> <p>68 Revises Constitution: Allows state to issue bonds to match voter approved school district bonds for school capital costs.</p>	<p>Estimate of financial impact: There is no financial effect on either state or local government expenditures or revenues.</p> <p><input type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>Judge of the Circuit Court 1st District, Position 3 Vote For One</p> <p><input type="radio"/> G Philip (Phil) Arnold Incumbent</p> <p><input type="radio"/> Write-in</p>	<p>Result of "yes" vote: "Yes" vote allows state to issue bonds to match voter approved school district bonds for school capital costs. Dedicates lottery funds for matching funds and repayment.</p>	
<p>Judge of the Circuit Court 1st District, Position 4 Vote For One</p> <p><input type="radio"/> Patricia Crain Incumbent</p> <p><input type="radio"/> Write-in</p>	<p>Result of "no" vote: "No" vote retains current law prohibiting state and restricting local districts from issuing bonds to pay for school capital costs, including acquisition, construction, repair and improvement.</p>	
	<p>Summary: This measure would revise the Oregon Constitution to allow voters to approve local district bonds for school capital costs and the state to issue bonds and use the revenue from those bonds to help local school districts pay for capital costs. The Constitution currently limits voters' ability to approve local district bonds for school capital costs and prevents the state from issuing bonds to help local districts pay for school capital costs. "Capital costs" include costs for acquisition, construction, repair and improvement, but not routine maintenance or supplies. State funds may be used only to match funds approved by voters in local districts. The measure would dedicate 15 percent of state lottery revenues to a "school capital matching fund" to repay state funds provided to districts. State bonds may not be repaid by raising property taxes. Contains other provisions.</p> <p>Estimate of financial impact: There is no financial effect on either state or local government expenditures or revenues.</p> <p><input type="radio"/> Yes</p> <p><input type="radio"/> No</p>

City of Jacksonville

15-98 Five-Year Surcharge Cap and Local-Option Tax For Jacksonville Fire Department

Question: Should Jacksonville cap its public-safety surcharge and levy "\$1.29-per-\$1,000-assessed-value" for additional medical and fire-response for five years beginning 2010-2011? This measure may cause property taxes to increase more than three percent.

Summary: A "Yes" vote will cap the existing public safety surcharge at \$20.00 per month for the duration of the five-year levy period commencing 2010-2011, and approve the levy of a local-option property tax of \$1.29 per \$1,000 assessed-value for additional medical and fire-response for the five-year period. A "No" vote will not place a cap on the surcharge and not authorize the levy.

The five-year local-option tax of \$1.29-per-\$1,000 of assessed value will enable the Jacksonville Fire Department to provide additional staffing and service levels for emergency medical services, fire suppression, public education, fire prevention, and hazardous materials response for Jacksonville citizens.

The Jacksonville Fire Department currently employs the equivalent of 4.5 full-time personnel (4.5 FTE). Existing staffing does not enable the Department to meet current and projected levels of emergency medical calls. The levy will provide funds for additional staffing to help meet these demands. Levy funds will also be used to purchase capital items and acquire needed materials and services.

The total amount of money to be raised by the proposed levy for each year of the five-year levy is \$420,000.00. The estimated tax cost for this measure is an estimate only based on the best information available from the county assessor at the time of the estimate.

Yes
