County Measures

15-108 Amends County Charter to Make County Surveyor Appointed Position

Question: Shall the Jackson County Charter be Amended so that the County Surveyor be Appointed Rather than Elected?

Summary: Section 20 of the Jackson County Charter provides that the Surveyor shall be an elected administrative officer of the County. Section 21 of the Charter sets out the qualification requirements for elected officials. If approved, this measure will amend Sections 20(1) and 20(2) by deleting the Surveyor from the list of elected administrative officers of the County, and amend Section 21(2) by deleting reference to the Surveyor from qualification requirements for elected officials.

Yes

No

City of Ashland

15-109 General Obligation Bond Authorization for Reconstruction Fire Station No. 2

Question: Shall the City issue \$3 million in general obligation bonds to finance the replacement of Fire Station No. 2?

Summary: This measure authorizes the City of Ashland to issue general obligation bonds in the amount of \$3 million to rebuild Fire Station No. 2. A \$3 million general obligation bond will cost Ashland taxpayers approximately \$0.124 per \$1000 assessed value per year for 20 years. According to the Jackson County Assessor's office, the average assessed value for a single-family dwelling in Ashland is \$228,710. Based on that value, the assessment would be \$28.36 per year for 20 years.

Fire Station No. 2 is more than 45 years old. The structure is built of non-reinforced concrete blocks and the Committee Report of the City's 2008 Facilities Master Plan stated that the building most likely would not withstand a seismic event. The building is not insulated, does not have gender-specific accommodations and the living quarters are not sealed from the garage where ambulances and fire engines are stored. Bond proceeds will be used to finance the capital construction and improvements. The replacement station should have a useful life of at least 50 years.
